

RACK SERVERS - KIOSKS - TRADE SHOWS - LEASE END RETURNS - REVERSE LOGISTICS - HOME DELIVERY

### Key Benefits

**Flexible Delivery Options-** FSP offers our clients the flexibility to support the variables of cyclical volume, size, and destination variances for complex delivery solutions. We offer a variety of service levels, from Overnight services to Time Definite Ground, you can rest assured that your delivery will get there on time, every time.

**Value Added Services-** FSP has a Network of Terminals with Fully Trained Delivery Teams which execute on our Customer Specific SOP Delivery Requirements ranging from Installer Coordination, Inside Delivery, Placement, Unpacking, and Dunnage Removal. Our Delivery Teams are Continually Trained and Tested Quarterly to assure complete customer Satisfaction.

**Program Management-** FSP assigns a Program Manager for Every Customer. The program manager is responsible for ensuring all Customer Specific Requirements are met including: Site Surveys, Identification of Delivery Requirements, Delivery Teams Trained, Safety Instructions Updated. The Program Manager is also responsible for Timely and Accurate Reporting of Transit Data in the format preferred by our customer. In short, FSP provides our customers with a direct link into all aspects of the logistics cycle through one well seasoned and trained Single Point of Contact. End to End Responsibility available 24 hrs a day.

Freight Solution Providers (FSP) has the experience and expertise to give the “critical care” and extra level of service that is required when shipping sensitive medical equipment and instruments. We understand that every piece of freight is crucial, and FSP will see that it arrives safely and on time.

We do what other companies won't; using delivery teams, providing inside deliveries with stair climbing equipment and floor-protection, removing dunnage, and arranging for any other specific need required. Our specialists will schedule time definite deliveries as well as coordinate retrievals and replacement installations.
